Red

*The finish chips are shown as a gloss. Many COROTECH® products are also available in other sheens. Please refer to benjaminmoore.com for individual product information.

In addition to the Ready Mixed Colors shown here, most COROTECH® products are available in WHITE and can be tinted to a wide range of custom colors from off whites to accents. Please refer to the individual product's Technical Data Sheet (TDS) for available colors and tinting information.

Go to benjaminmoore.com to view all available primers and their color availability.

Since all color chips are affected by age, lighting conditions, heat and mechanical coating processes, the chips on this card may vary slightly in color from the actual paint in the container.
